

# Scenario planning in action: overview

## WHAT IS SCENARIO PLANNING?

Generating actionable insights by creating a small set of scenarios for an organization's future environment that are:

- Relevant to critical business decisions
- Distinct
- Individually realistic and believable
- Together cover the breadth of relevant uncertainties

## WHY SCENARIO PLANNING?

The pace of technological and social change is increasing

Industry structures are rapidly shifting

Strategy must take uncertainty into account

Responsiveness to change is vital for success

The future is increasingly uncertain

## POSSIBLE OBJECTIVES FOR SCENARIO PLANNING

Foster useful strategic conversations among key executives and managers

Enhance responsiveness to emerging challenges and opportunities

Generate and assess innovative strategies and options

Align strategic planning activities across the organization

Build deep understanding of business environment drivers

Communicate strategic perspectives across the organization and beyond

Create the future

## SUCCESS FACTORS FOR SCENARIO PLANNING

Getting the right question and scope

Broad and meaningful involvement throughout the process

Balance between plausibility and stretching thinking

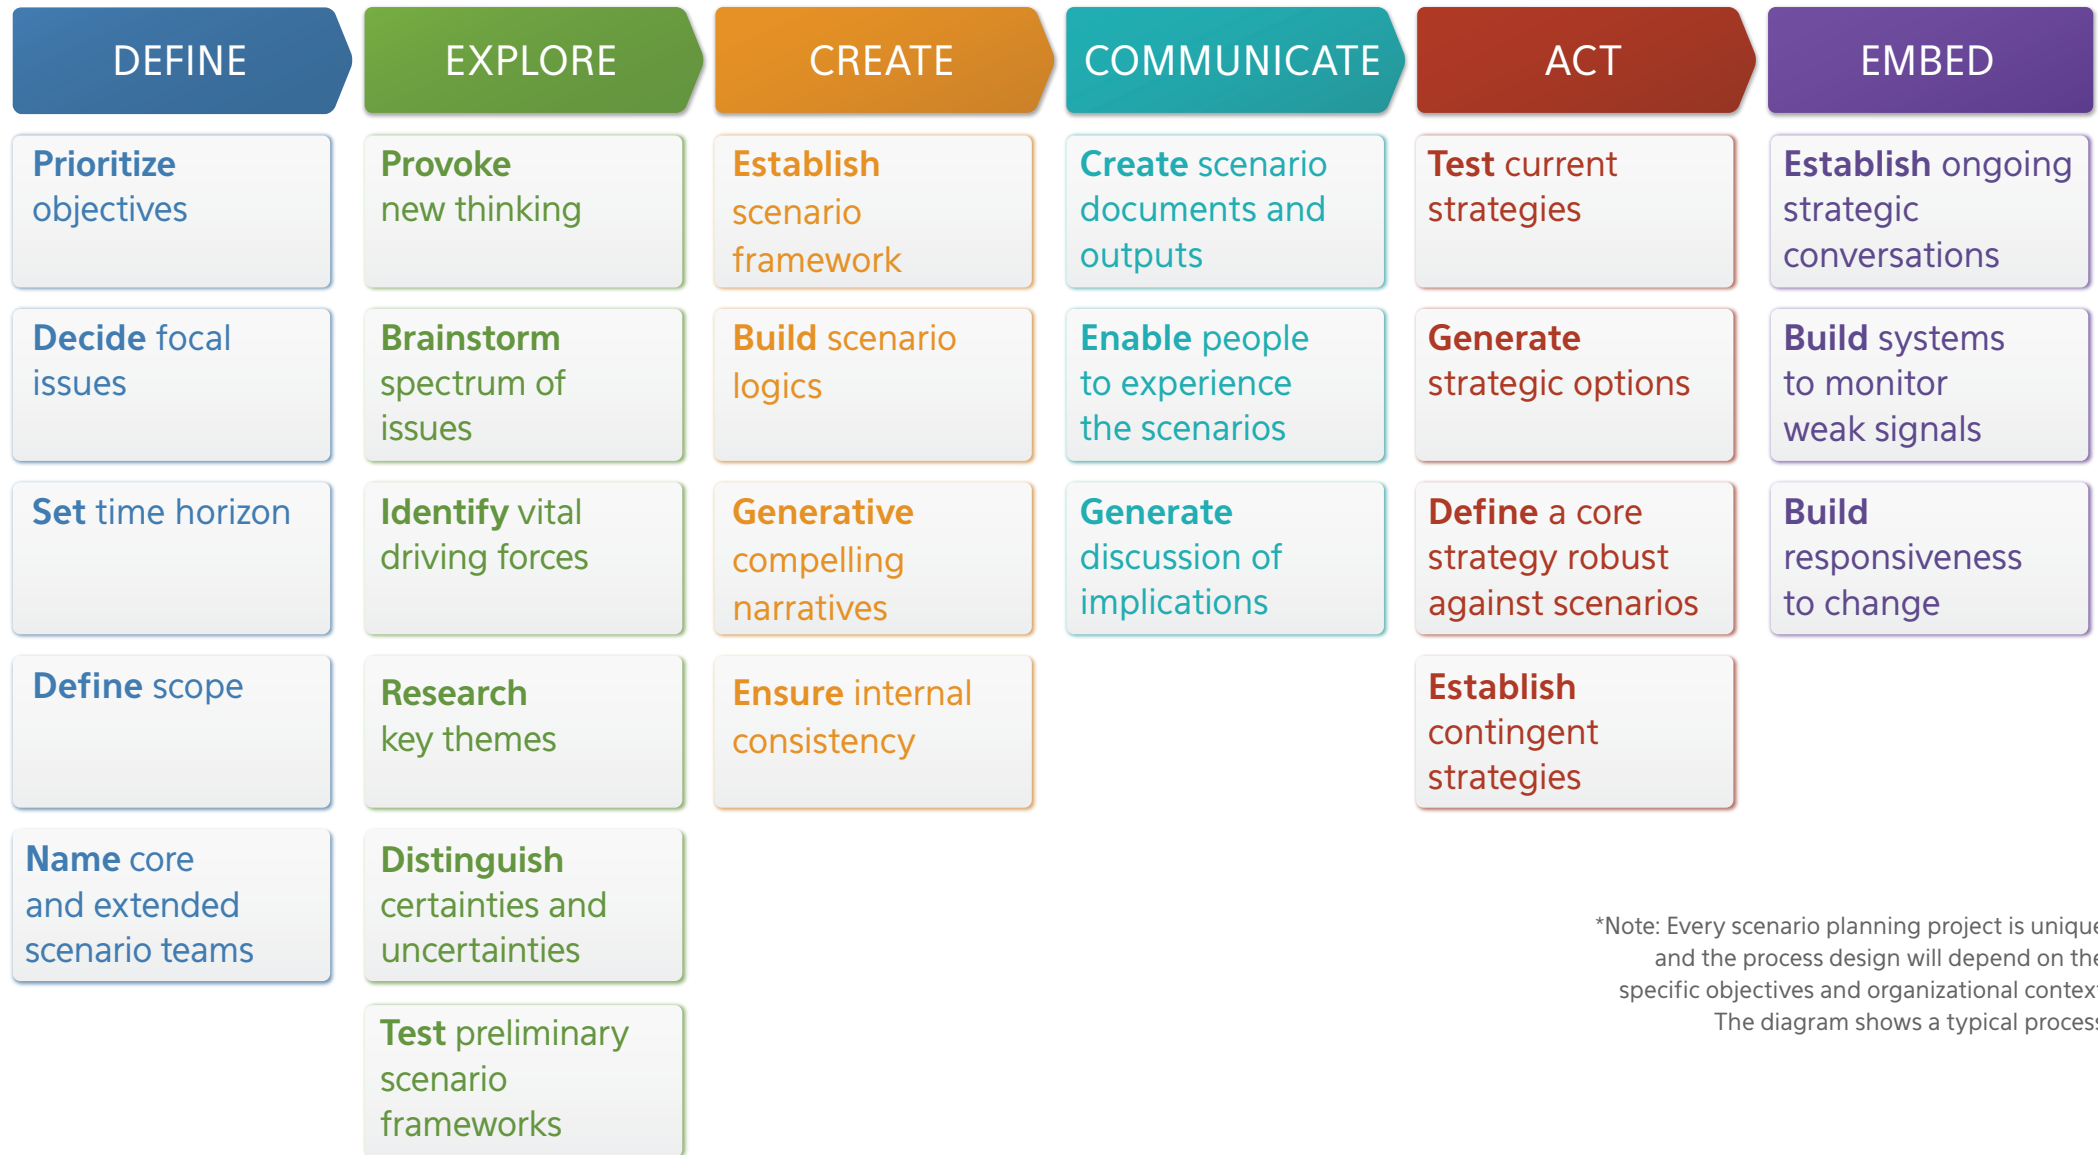

Bringing in external perspectives

Creating compelling stories

Focus on effective communication of the scenarios
